Pre-Registration & Reception: 303-938-5470
Speak with a nurse: 303-938-5480
www.bouldersurgerycenter.com

Dear Surgical Guest,

Welcome to Boulder Surgery Center. Please read the following for important information regarding your upcoming surgical or interventional procedure.

- Registration personnel from Boulder Surgery Center will contact you to obtain your demographic and insurance information. You will be informed of financial responsibility as co-payment or deductible payment due at time of services. You may call directly at (303)938-5470 if that is more convenient.
- As soon as your surgery is scheduled, please visit our website: www.bouldersurgerycenter.com and select the "Complete Your Medical History" tab on our home page. You will need a list of your current medications available for this process. Once you have completed the on-line medical history form, one of our nurses will contact you to review your medical history and provide pertinent information in preparation for your surgery.
- Based on your medications and history, diagnostic lab tests, X-rays and EKGs may need to be completed prior to your surgery. (These tests are not routinely performed on all surgical patients). After a review of your medical history with the nurse, you will be instructed on completing any identified tests.
- You will be going home the same day. **It is required that someone else drive you home.** If you are using public transportation to return home, you **must** have a responsible adult to escort you home. It is **strongly suggested** that someone stay with you until the following day.
- Call your surgeon's office if you develop a cold, sore throat, fever or any other illness that occurs within 48 hours of your surgery.
- **DIETARY RESTRICTIONS:**
Do not eat or drink anything after midnight the night before your surgery, unless the Pre-Op Nurse has provided special eating or drinking instructions. This includes no gum, hard candy, cough drops, coffee, tea or water. This is very important for your safety. If you do not follow these instructions, your procedure may be cancelled or delayed.

WHAT TO BRING:

- The Boulder Surgery Center packet.
- Your insurance card, a photo ID,
- A form of payment (when applicable): cashier check or credit card
- A case for contacts, glasses and dentures.
- Crutches for knee or foot surgery – to check for proper fit and receive instructions for use.
- Any icing devices, slings, braces that have been provided to you prior to surgery.
- Leave ALL jewelry and valuables at home. BSC is not responsible for valuables.
- Please do NOT wear makeup, deodorant, creams or lotions.
- Wear loose fitting comfortable clothes.

Boulder Surgery Center Mission Statement

PLAN

Treatment plans will be developed and discussed with patient or designee by attending physician. Together an informed consent will be obtained for treatment of surgical or interventional bone, joint, muscular or spinal disorders.

PROCESSION

Talented professionals will assess patient individual needs, carry out the treatment plan, educate patient and family, and evaluate patient progression of recovery necessary to achieve a safe discharge home.

PURPOSE

Integrated care is provided by the collaborative efforts of team members. The commitment of the team is to deliver safe care with the intent to optimize the patient experience.

Boulder Surgery Center does not discriminate on the basis of race, color, national origin, age, or disability; in admission of, access to, treatment, or employment in, its programs and activities.
