Certified Surgical Technologist – Job Description

Job Summary

Boulder Surgery Center is seeking a qualified perioperative CST for busy orthopedic ambulatory surgery center. The CST must be proficient with best practices in surgical assistance, patient safety & infection prevention in the operating room.

- FLSA – non-exempt
- Full-time, variable shifts Monday – Friday; 8 - 10 hour shifts
- Reports to Operating Room Nurse Manager

Duties

- Plan & prepare operating room of equipment & supplies specific to case type and physician preference
- Participate in all elements of universal protocol to ensure patient safety
- Prepare sterile field with required sterile instrumentation & supplies, without opening unnecessary supplies until identified as needed
- Support of intraoperative surgical experience to ensure case progresses without unnecessary delays or complications
- Conducts intraoperative instrument, sponge & needle count to prevent retained objects
- Contains surgical instruments at end of case to prevent incident exposure and loss of assets
- Properly uses surgical equipment and instrumentation according to manufacturer instructions
- Steward of supply costs & account for surgical supplies used for intraoperative care
- Assists with reprocessing of surgical instrumentation upon request

Requirements/Preferences

- Current Colorado CST and BCLS certification required.
- Candidate must possess clinical competency in perioperative surgical technologist, required.
- Candidate must demonstrate proficiency in general orthopedic & sport medicine specialties, required.
- Candidate must demonstrate aptitude for maintaining pace and rhythm of fast paced operating room schedule, including participating in turn over activities.
- Previous ambulatory surgery experience is preferred.
