If your insurance plan requires a pre-authorization from your insurance, you will need to contact your surgeon's office or insurance company to be sure it has been obtained. If we have not received an authorization prior to your appointment time, we will reschedule.

The Boulder Surgery Center accepts most major insurance plans. However, with the frequent changes that happen in the insurance marketplace, it is a good idea for you to contact your insurance company prior to your appointment and verify if we are a participating provider with your plan. You will need our Tax ID number as well as our National Provider ID number.

The Boulder Surgery Center treats any referenced based pricing plans, health shares, PHCS, imagine 360, Prairie States and some other third-party TPA payers as CASH-PAY patients. You will need to pay in-full prior to the procedure. You can request a UB form from our billing office 7-10 days after your surgery to submit for reimbursement.

I have read, understand, and agree to the above Financial Policy. I accept responsibility for payment of services rendered to me by Boulder Surgery Center and understand that insurance billing is a courtesy, not a guarantee.
